# PHOENIX GOODYEAR AIRPORT (GYR) ARRIVAL ALERT

## Wrong Airport Landing
## Landing South
## GYR and Glendale Municipal (GEU) and Luke Air Force Base (LUF)

GYR is located approximately 8 miles south of GEU and LUF. Aircraft often confuse GEU and LUF with GYR, especially when landing from north to south. All 3 airports have similar layouts with closely aligned runways. There is a strong possibility of a wrong airport landing.
